About Us

LA STONA™
Think Stone Think Us

The Art of mosaic dates back to ancient rome. This timeless art creates visual ochestra that has romanced souls for centuries. La Stona have reintroduced this ancient art by blending. Traditional crafting techniques with modern daydesigns and requirements. la stona mosaics are handcrafted by the skilful hands of some of our country's best craftsmen, with a purpose of brigning elements of nature closer to your urban living style. We at la stona are delighted to share our exquisite collection with you and aspire to create a space of beauty and timelessness for you.

MURALS

LA STONA™
Think Stone Think Us

Natural stone murals blend art and architecture, using materials like marble or sandstone to create enduring masterpieces. Meticulously carved, they offer a three-dimensional, tactile experience that provides a space with timeless luxury and organic depth, ensuring a powerful, lasting focal point.

Natural variation is the stone's unique beauty and is to be accepted.

ADVANCED STONE SEAL PRO

Heavy duty impregnating stone sealer for natural stones

LA STONA™ Think Stone Think Us

Advanced Seal Pro Glossy

Wet Look

Seals with a "Wet Look Finish" Stain Resistance Reduces Water Permeability

Advanced Seal Pro Matte

Natural Look

Seals with a "Natural Look Finish" Stain Resistance Reduces Water Permeability

INSTRUCTIONS FOR USE

A Solvent based deep penetrating sealer designed to use on all stone like marble, lime stone, granite, slate and sandstone to reduce water permeability. It is also used on Natural Stone to enhance the colour.

- Ensure the surface is clean and dry before applying the sealer.
- Apply **LA STONA ADVANCED SEAL PRO** to the surface using soft bristle brush or a spray bottle.
- Allow minimum of 2 hours of drying time between two coats. Apply more coats if necessary depending on the porosity of the surface.

COVERAGE

- 35 - 40 sqft for Sandstone
- 55 - 70 sqft for Slatestone
- 55 - 70 sqft for Marble
- 45 - 60 sqft for other stones

NOTE: Approx 35 - 70 sqft per coat per ltr depending on the nature, surface, method and porosity of application.

NATURAL STONE INSTALLATION

Step by step guide

LA STONA™
Think Stone Think Us

01

Remove all the stones from the boxes and mix it to get the perfect natural look. Mockup laying is recommended.

02

Apply Generous Layer of Mortar across the wall using notched edge of a trowel, creation a combed surface pattern.

03

Complete this step starting from the bottom of the wall & moving upwards. Apply thick layer of mortar onto backside of a stone.

04

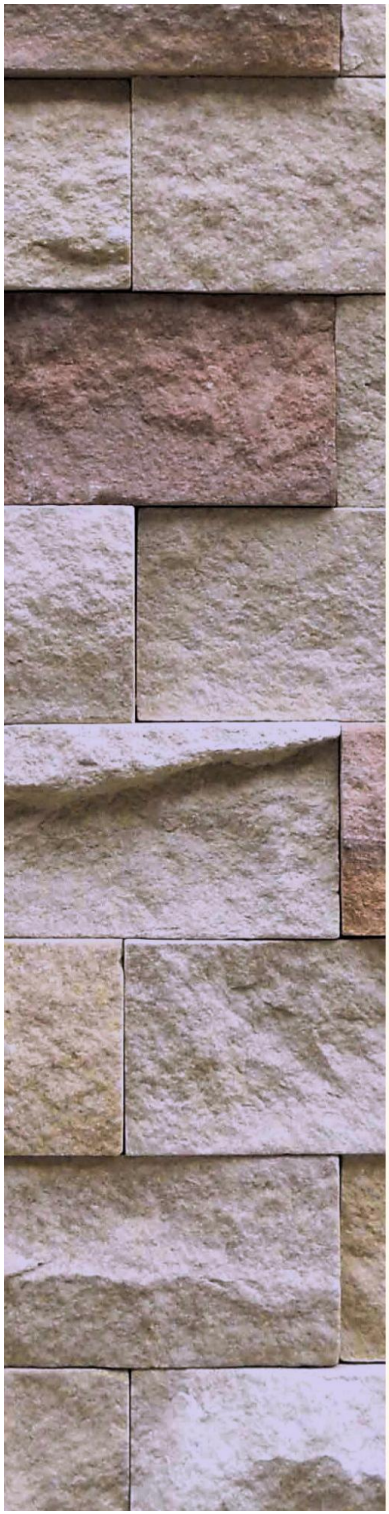

Press the stone firmly onto the mortared wall surface. Hold for few seconds, repeat this until section is completed. Use Spacers to ensure level arrangement if required.

05

Apply **LA STONA ADVANCED SEAL PRO** stone sealer 2-3 hours after installation. It protects from stains, enhances colour and easy maintainance.
